

1. Job title	Manager: Environmental & Sustainability Assurance
2. Location	South Africa, Pretoria
3. Contract period	Up to December 2022
4. Compensation	Negotiable based on qualifications and experience

Background

The African Organisation of English-Speaking Supreme Audit Institutions (AFROSAI-E) is an autonomous, independent, and non-political organisation with permanent links to the International Organisation of Supreme Audit Institutions (INTOSAI) and the African Organisation of Supreme Audit Institutions (AFROSAI). It has the Supreme Audit Institutions (SAIs) from 26 English-speaking African countries as its members.

The Manager: Environmental & Sustainability Assurance, will be responsible to facilitate and support the implementation of Sustainability and Environmental Audit capacity building interventions/initiatives within SAIs in the AFROSAI-E region.

Roles and responsibilities

Capacity Building Interventions

- Facilitate the identification of SAI learning and development needs related to sustainability and environmental audit.
- Implement value-adding audit learning interventions and services to SAIs in accordance to identified needs and project plans.
- Offer technical guidance on matters related to sustainability and environmental audit activities and support SAIs in customisation efforts.
- Manage and support sustainability and environmental audit related regional bilateral and other projects in accordance with agreements and MOUs.

Research and Development

- Develop and update relevant sustainability and environmental audit related technical materials in accordance with ISSAs and best practices.
- Ensure and promote an integrated approach to all audit work.
- Conduct ongoing research and development on sustainability and environmental audit issues related to public sector auditing.

Quality Assurance

- Participate in the selected SAI quality reviews.
- Consolidate learning points and feedback to ensure integration with future interventions.

Stakeholder Relations

- Participate in sustainability and environmental audit related working groups to monitor and influence public sector related issues in auditing.

- Conduct ongoing liaison with stakeholders to identify learning opportunities and offer support where required.
- Ensure effective stakeholder relations are established and maintained.

Internal Governance

- Support and advise the management of the Secretariat on sustainability and environmental issues.

Qualifications

Science Degree with Environmental Management or relevant degree in Social/ Business/ Engineering

Knowledge & Skills

- Auditing Principles, International Standards of Auditing (ISA's/ISSAI's), Quality control standards (ISQC/INTOSAI), Risk Management Principles, Reporting frameworks, Legal Framework, Auditing reporting standards, SDG's
- Performance Auditing skills, Environmental Audit skills, Facilitation skills, Presentation skills, Training Delivery, Training Assessment, Training Evaluation, Strategic Thinking, Strategy Formulation, Project Management, Report Writing

Experience and other requirements

- At least 6 – 10 years' experience in a managerial role
- Experience in environmental audit is essential
- Experience in SDG's is essential
- Experience in capacity building interventions is desirable
